COMMONWEALTH of VIRGINIA
Department for the Aging

MEMORANDUM

TO: Executive Directors
Finance Directors
Area Agencies on Aging

FROM: Marica B. Monroe

DATE: September 9, 2008

SUBJECT: **Final Contract Year 2008 Financial Report and Service Report (13th Month Report)**

Please read carefully and follow instructions.

The Contract Year 2008 Financial Report and Service Report (13th Month Report) should be completed and electronically submitted to the Virginia Department for the Aging (VDA) by the close of business, **November 14, 2008**. This report is used by Area Agencies on Aging (AAAs) to report finalized annual performance, expenditures and receipts for the fiscal period October 1, 2007 through September 30, 2008. The following schedules must be submitted.

- **Final Contract Year 2008 Financial and Service Report:** This year the Aging Monthly Report (AMR) will be used to report compiled annual programmatic and financial information for the period October 1, 2007 to September 30, 2008. When completing your report, select **Final (13th Mo)** from the month drop down menu on the payment worksheet. Please name your file, "Final PSA xx," when emailing your submission to reports@vda.virginia.gov. Insert your PSA number in the characters denoted by xx.

Please make certain your Agency's AIM data supports the AMR service data.

- **Final (13th Mo) – Schedules A, B, & C:** Schedules A, B, & C have been written in Excel and are available on the VDA website. The three schedules are tabbed as separate worksheets in the workbook. The workbook should be downloaded to your computer

before completion. Please name the file, "ABC PSA xx," when emailing your submission to: reports@vda.virginia.gov. Schedules A, B, & C are to be included in your audited financial statements as supplementary information and your audit firm is required to include these schedules in their audit opinion. **Please ensure that the agency submission and the schedules included by your auditor in the audit report are in the current format.**

- **Schedule A, Status of Funds:** This schedule provides an accounting of grant funds on hand at the beginning of the period, and receipt and expenditures of grant funds during the period. Although general fund awards for the fiscal year ending on June 30, 2008 needed to be obligated by June 30, 2008, the recipient had until September 30, 2008 to liquidate the obligations. If a cash balance exists on September 30, 2008 from any general fund award for the Program Year (PY) ending on June 30, 2008, please refund the balance to VDA with a copy of Schedule A as your remittance advice.
- **Schedule B, Costs by Program Activity:** This schedule accounts for the expenditure of funds by activity rather than grant. Please ensure that Schedules A & B tie where appropriate. Again, Schedule B has been modified to correspond to the Aging Monthly Report. It now includes separate sections to report Title III activity (Except III-E) and a section to report III-E activity. If there are no audit adjustments, the data reported on your final AMR should be the same as reported on Schedule B.
- **Schedule C, Status of Inventories:** Tangible personal property purchased with funds from a Federal or State grant should be included. Generally, equipment or large quantities of food would be the main items reported. Equipment with a fair market value of less than \$5,000 per unit should not be reported.

Contractor Certification Form: This form should be prepared on AAA letterhead and signed by the AAA Executive Director. The form is available on the VDA website.

Further I certify that all costs and revenues reported are allowable as specified by the contracts issued with the VDA. Any audit adjustments that occur subsequent to the filing of these documents, shall be promptly reported to the VDA.

Kinship Care

From Generations United:

Grandfamilies State Law and Policy Resource Center

Casey Family Programs, the ABA Center on Children and the Law, and Generations United have partnered to create the *Grandfamilies State Law and Policy Resource Center*, found at www.grandfamilies.org. This website educates caregivers, legislators, advocates, policymakers, and attorneys on state laws and legislation in support of grandfamilies. The easy-to-use database allows for a search of laws and legislation that address common legal questions surrounding relative caregiving both within and outside the child welfare system. Each topic is analyzed and accompanied by a story to show key concepts. In addition, there is a list of related resources to learn more. In the future, the site will expand to include state policies, regulations, and best practices. Technical assistance and training is also available.

Benefits QuickLINK

Benefits QuickLink is an online benefits screening tool offered by the AARP Foundation that helps adults find out if they, or the children in their care, may be eligible for *10 public benefits for adults and 5 public benefits for children*. Included in the screening results are fact sheets about each benefit with local and state agency contact information as well as live links to online program applications when available. Benefits QuickLINK is free, fast, and easy to use. Benefits QuickLINK is powered by Benefits CheckUp, a service of the National Council on Aging.
